CREDIT RATING MANUAL

JULY 1908

COMPILED
BY
JOHN MARTIN SMITH
DEKALB COUNTY HISTORIAN

INTRODUCTION

The July 1908 Edition of the R. G. Dun & Co. Credit Rating Manual contains listings for business firms in each town in Indiana.

I have copied these pages with listings for DeKalb County Towns and have bound them into this manual.

The original book contains 539 pages and a foldout map. It measures 4 ½ x 5 ¾ inches. I have enlarged it 180% for ease of reading.

Each firm is rated as to its financial rating and credit rating. I have included the code pages to interpret these ratings.

DeKalb County Banks are listed separately.

These rating manuals are rare because they were supposed to be returned to the company when the manual for the following month was received. R. G. Dun & Co. was later merged to form Dun & Bradstreet which is still in business.

Where only a credit rating appears, this line of credit designation applies.				1	2	3	4

(*d*) Where an italic *d* in parenthesis precedes a rating, it is an indication that one or more of the partners in the firm are liable in another or other firms, and the responsibility is in that sense divided, THUS: (*d*) B+1.

The absence of a rating, whether of capital or credit, indicates those whose business and investments render it difficult to rate satisfactorily. We therefore prefer, in justice to these, to give the detailed reports on record at our Offices.

Ratings of Branch Houses should be looked up at Headquarters also.
